

# LAW

**Primary Adviser:** Dr. Jack (ext. 2833)

**Program Goal:** Gulf Coast Community College students who wish to pursue a career in law require no particular major or program of "pre-law" studies. As undergraduates, students will be steered toward broadly based studies emphasizing analytical reasoning, writing, and oral expression, and will be expected to show a capacity to perform at an academically rigorous level.

Among the many majors approved by the American Bar Association are business, computer science, economics, English, history, linguistics, math, natural sciences, philosophy, political science, psychology and sociology.

**Major courses:** Students may major in Business, English, or one of the Social Sciences, or follow the General Education curriculum. Law is a limited access program at most universities.

**Electives:** Students are strongly encouraged to take courses that will enhance writing skills.
